This versatile little bag keeps your everyday essentials right at hand, in as small and lightweight a package as possible.

**LITE BELT BAG | \$65**

FRIENDS OF NADEL

# Bellroy

Andy Fallshaw

The loop between humans, animals and the environment is intricate – but we're making progress. We're building processes that measure our activities, shifting more materials to lower impact alternatives and working with promising technologies (and inspiring partners) to develop abundant systems.

## 3X Lighter

These bags are made from a lightweight ripstop and lining, making them three times lighter than the others.

## Recycled Materials

The durable ripstop fabrics in our Lite range are made from recycled sources – nylon from industrial waste, and polyester from PET plastic bottles.

## Foldable. Rollable.

These bags and pouches are flexible enough to be folded or rolled and stowed away in a glovebox or your luggage.

This lightweight sling makes adventures feel weightless, while keeping your essentials right where you need them.

**LITE SLING 7L | \$100**

This super lightweight backpack balances performance with comfort, so you can move like the wind wherever adventure takes you.

**LITE DAYPACK | \$120**

A traditional duffel with a twist, this bag is rugged enough for adventure, but light enough to let you move like the wind.
